ECLISSE SYNTESIS COLLECTION

SWING SINGLE

This solution provides a flush wall door design (seen below) for clean lines where the frame disappears into the wall.
Doors can be painted or stained as required.

Long lasting and paintable

The aluminum frame has undergone anodization treatment against oxidation and then it is primer-coated to facilitate paint cohesion. The frame is designed to avoid drywall from cracking around the door.

Spacer panels in OSB 3

1" thick and pre-assembled to guarantee a perfect squaring of the frame.

Tensioning rod

Special adjustable device, it helps keep the door panel in constant tension, improving the door flatness and guaranteeing coplanarity with the wall.

The hinges

3 concealed adjustable hinges (height, width, depth) for a perfect calibration of the perimeter size.

Note: when the door weighs more than 110 lbs (max 143 lbs) and the door is great than 96" or wider than 36" 4 hinges are required.

Standard sizes available in stock

ITEM	DW	DH
SWING SINGLE	24"±36"	80" / 84" / 90" / 96" / 108" / 120"

Dimensions are given in in

ECLISSE SYNTESIS COLLECTION

SWING SINGLE - DOUBLE

ECLISSE SYNTESIS SWING has the possibility to install the door flush with the ceiling thanks to the option with no header.
This solution is available on special order.

ECLISSE SYNTESIS SWING is available in double door version

Very strong frame

The frame profile weighs about 1.35 lbs/ft.

NO drywall cracking!

The frame is designed to avoid drywall from cracking around the door.

With header

Without header

With header only

ECLISSE SYNTESIS COLLECTION

SLIDE SINGLE - DOUBLE 2x4 & 2x6

ECLISSE Syntesis Slide is the counterframe for pocket doors without jambs able to disappear completely in the wall. The absence of jambs facilitates the integration of the sliding surface, merging technology and design in the name of modernity. It is perfect for minimalist environments to give you a clean look.

1 Resin-coated integrated-structure profiles

Vertical reinforced bars, top beam and the metal door stop are pre-treated with a special resin which aids the adhesion of the final finishing layer.

2 Pre-drilled horizontal bars

Quicker application of the drywall. The new micro drillholes allows the screw to enter more easily into the metal sheet, speeding up the installer's work in the application of the drywall.

3 Alignment bar

It allows a solid joint between the frame and the metal stop jamb during the installation. It guarantees a perfect centered position.

4 Door guide

Quick and easy to fit to the frame with no holes to drill into finished flooring, this guide cleverly guarantees a perfectly centered position.

Standard sizes available in stock

ITEM	DW	DH
Kits 2x4 & 2x6	24" ÷ 48"	80" / 84" / 90" / 96" / 108" / 120"

ACCESSORIES

Innovating means developing more targeted solutions and giving customers exactly what it takes to make daily life more comfortable. ECLISSE has designed a series of automations and various accessories that make each pocket door system unique.

SYNTESIS **SLIDE**

ECLISSE BIAS

Soft closer - One Direction for single and double doors. It is fully integrated inside the track and invisible from the outside.

ECLISSE BIAS DS

Soft closer - Both Direction for single and double doors. It is fully integrated inside the track and invisible from the outside.

DOUBLE DOOR CO-ORDINATION WITH BIAS

This device allows you to open and close the two doors simultaneously by moving only one panel.

VITRO - ADAPTER FOR SYNTESIS GLASS DOORS

Vitro is a glass door adapter for models of the ECLISSE SYNTESIS COLLECTION that can also be used with doors not supplied by ECLISSE.

SYNTESIS **SWING**

SELF-CLOSING DOOR HINGE

This hinge is a soft-closing mechanism that gently closes flush-to-the-wall wooden hinged doors. Max weight capacity 100 lbs. with 3 hinges.

HARDWARE FOR SYNTESIS SWING

It includes lock kit (both Passage and Privacy), gaskets, hinges, strike plate in Aluminum Chrome, White, Champagne, Bronze or Black.

SYNTESIS **BASEBOARD**

SYNTESIS BASEBOARD

It is a profile solution which is installed flush with the wall.

A great warranty

The ECLISSE steel pocket door system is guaranteed for 12 years.
